Pack 100 has been in operation in Scottsdale for several decades with an active scouting program to help build character and confidence for our youth.

Grades Kindergarten to 5th meet a few times a month for den meetings filled with fun activities and monthly Pack outings like hiking, camping, fishing and various tours. Most of our Scouts are also involved in sports and other clubs within the SUSD district and Cub Scouts fits well with these programs. Contact us today for details to find out how all the benefits of scouting can fit in to your busy schedules!
